

Application

#132 MZP Single Zone Paging System

General Layout [10/11/00]

25 Push-to-Talk Microphones located throughout the warehouse. Each mic is connected to the MZP and to one button of the Comet-0. This supplies the contact closure on mic button press. Comet-0's can be hidden from view since they offer no button-press function in the operation of the mic.

Comet PS

Power supply for comet remotes
12V@2.0A; 1 per 12 remotes
